

European Forum of Psychomotricity

Dear colleague,

The first European Congress of Psychomotricity was organized from the 18th to 21st September 1996, in Marburg / Germany.

The period of the Congress also included the official moment of creation of the **European Forum of Psychomotricity (EFP)**.

In 2016, the EFP is celebrating 20 years of its existence and activity. Therefore we would like to use this special moment to **thank you** for your cooperation and contribution to the development of Psychomotricity in Europe for the last 20 years.

During that time we have built a strong network of colleagues who are interested in Psychomotricity in Europe. We have been able to use the resources of each association to reinforce Psychomotricity in different countries in Europe. Many individuals have been involved over short or long periods have supported this European idea of Psychomotricity.

You are an important part of the identity we have constructed over all those years.

The EFP has decided to celebrate this at the European Day of Psychomotricity on the **19th of September**. This is a moment to promote Psychomotricity in the different countries in Europe each year. This year it is the celebration of 20 years of the EFP, so it is a moment for the current board to explicitly thank those people who were (and are) important for our organization and professional area.

**Thank you very much for your contribution
and a Happy Birthday to our 20 Years of EFP!!**

On behalf of the EFP,

The board

Rui Martins, Portugal – President
Pim Hoek, The Netherlands – Vice-president
Franco Boscaini, Italy – Vice-president
Veronika Pinter-Theiss, Austria – Secretary
Regula Seeholzer, Switzerland – Treasurer

19th of September 2016
